Internet Explorer issue	
Escrito por johntimber - 21/04/2018 12:10	

Hi,

Does anyone experience Internet Explorer related issues?

I have inline chat and it is working fine with FF, Ch and Safari bit none of the IE versions.

I noticed that the dashboard suddenly changed last night for me and I think it may be related as the issue did not exist yesterday exact same settings.

Could somebody make a comment or look after the issue very very urgently?

Any help will be apprecited.

I didn't find the right solution from the Internet.
