

Can I get a guarantor home loan?

Escrito por HarryJenkins - 31/05/2018 10:34

Hi,

I am new to this forum and wanted some professional advice on guarantor home loans? I want to buy an apartment worth \$301,500 at Woodville West, SA 5011. This is my first home. Although I work as a High School Teacher and earn around \$60,998 a year, my savings is about \$20,000 which is why I am looking for the most competitive guarantor loan. My parents have agreed to go guarantor for me. They bought their house in mortgage for about (\$420,670) and have left to pay around \$50,000 now. I did not bother going to any banks because I am quite certain they would knock me down. I really do not want to face that. Can you guys help me?

Any help will be appreciated.

I didn't find the right solution from the Internet.

Tuve una situación parecida, no quise mucho pedir el préstamo hipotecario, pero por mi casamiento tuve que hacerlo, hasta ahora sigo pagando y todo está bien

En mi país es imposible pedir hipoteca porque el interés del pago excesivo es muy alto y eso me escandaliza mucho
